PROFILE

Urban planner and public-sector analyst trained at ITB. Most recently at the Ministry of Public Works and Housing (PUPR–BPIW), helped build the analytical framework for a national food-security infrastructure guideline on track for ministerial issuance. Technical work spans spatial modelling — land-cover classification, spatial autocorrelation, GWR, gravity-based transport analysis, and transit accessibility (r5py & GTFS) — backed by Python and SQL across the full data workflow, turning spatial and demographic data into evidence-based analysis.

EXPERIENCE

- Urban & Regional Planning Specialist — Ministry of Public Works & Housing (PUPR–BPIW)
Secretariat Agency, Badan Pengembangan Infrastruktur Wilayah · Bandung · Contract

Oct 2025 – Mar 2026

 - Developed the analytical framework for a national guideline on food-security data collection and infrastructure needs assessment (regional diagnostics, benchmarking, multi-scenario projections).
 - Designed a five-component planning model (regional profiling, infrastructure performance, strategic issue mapping, scenario planning, investment-needs projection), proposed as the basis for the draft RPIW food-security module.
 - Piloted in West Java Province; document on track for issuance as a PUPR Ministerial Circular (Surat Edaran).
- GIS Analyst — PT Regal Energy Group
Oil & Gas Sector · Jakarta

Aug 2024 – Jan 2025

 - Built a centralized geospatial database of 25+ oil & gas well locations from satellite imagery, GPS, and KESDM datasets.
 - Designed a custom mobile field-mapping tool that reduced location-verification errors and sped up field surveys.
- Program Logistics Coordinator — UNESCO Circular Cities Expedition (Deakin University × SAPPK ITB)
NCP Program Circular City · Bandung

Oct – Nov 2025

 - Coordinated logistics, transport, and schedules for 25 participants (5 international, 20 ITB postgraduates) across a multi-site urban expedition.
- Project Assistant (Internship) — PT Summarecon Agung Tbk
Property Development · Bandung

May – Aug 2019

 - Ran a water-infrastructure feasibility analysis for a residential development to inform the development decision.

SELECTED PROJECTS

- Transit Accessibility Scoring — DKI Jakarta [Work in Progress]

2026

 - AHP-weighted 27-category composite accessibility for 261 kelurahan (2,713 RW) using r5py transit routing on GTFS; target: Elsevier Urban Transitions Conference 2026 (contributing author).
- Sustainable Urban Mobility Plan (SUMP) — Balikpapan City

2025

 - Gravity-based OD modelling and study-boundary mapping (land-cover change + multimodal nodes) to prioritize transport infrastructure.
- Greater Bandung Drinking-Water Priority Study (ITB thesis)

2023

 - Spatial autocorrelation (Moran's I, LISA) and GWR to rank district-level infrastructure investment priorities.

Bandung Airbnb Emerging Hotspot Analysis

2024

- Space-time cube + Getis-Ord Gi* in ArcGIS Pro to detect temporal patterns of short-term-rental growth.

Co-Author — “Ngariung, Ngarempug, Ngabangun” (peer-reviewed)

2025

- Spatial analysis & thematic maps for informal-settlement upgrading using the 3N participatory method.

EDUCATION

B.Sc. Urban & Regional Planning — Institut Teknologi Bandung (ITB)

2023

- Thesis: prioritization of piped drinking-water services in Greater Bandung (Moran's I, LISA, GWR, spatial clustering).

Data Science Bootcamp — Pacmann

2023 – 2024

- Python, SQL, Machine Learning, Statistical Modelling, Data Visualization.

TECHNICAL SKILLS

Data & Programming: Python (Pandas, GeoPandas, scikit-learn, r5py), SQL (CTEs, window functions), SPSS, Jupyter

GIS & Spatial: ArcGIS Pro, QGIS, PostGIS, Google Earth Engine, land-cover classification (ML), Moran's I / LISA, GWR, hotspot (Gi*), space-time cube, gravity modelling, transit accessibility (r5py/GTFS), GeoDa

Visualization & Reporting: Tableau, Excel (advanced), dashboard design, executive briefings

Strategy & Policy: policy analysis, infrastructure planning, scenario planning, stakeholder coordination, executive report writing

Languages: Bahasa Indonesia (native) · English (professional working proficiency)
